Jorge Oliver López Fierro
WEB Developer

About me

I am a software developer with a focus on development front-end in web systems, despite my age I have already had the opportunity to develop systems that have been important for the development of my knowledge and work experience. I have knowledge in web design and layout, I also have the necessary experience to support the back-end development of a web system without problems.

Education, courses and certificates

Cross-platform Software Development
Universidad Tecnológica de Emiliano Zapata
September 2018- August 2020

Software development and management Engineering
Universidad Tecnológica de Emiliano Zapata
August 2020- January 2021 (Paused) 8°

Scrum Fundamentals
SCRUM Study
January 2022

Introduction to Artificial Intelligence
Oracle Academy
October 2020
